**Things to remember for a successful Booster Banner Program experience:**

- Vinyl banners must be for "outdoor" use and should have at least a 2 year outdoor guarantee.
- Banners should have metal grommets to enable tying to the fence at Stadium Field and the soccer field back fence.
- Banners must not be more than 4' x 8'. Banners taller than four feet may not be completely visible at Stadium Field. Banners longer than eight feet are not accepted.
- Banner lettering should be large enough to be visible from across Stadium Field and across a soccer field.
- The banner may be reused in subsequent years however this sponsorship is for one school year – start of school in August through end of school in May.

**You may choose your own banner company however here are a few suggestions:**
