

"Technology is an intricate part of my everyday lesson planning and teaching. The technology used in my classroom helps my students to reach out to places all over the world and gives them an understanding of many and all different cultures. This world outreach through technology helps push the students' International Baccalaureate Experience."

– Tim Doty, 6th grade English

JT Moore Middle School  
4425 Granny White Pike

## INVEST in JTM Campaign

26% of PTO operating budget spent on teacher supplies and support.

### supplies

"The money Invest provides allows the science department teachers to add materials to reinforce our varied curriculums in each grade. This includes chemicals and reagents for experiments, lab equipment, display boards for special projects, ancillary enrichment materials to master

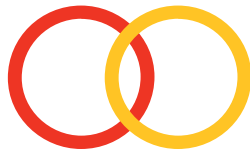

each subject matter taught and disposables for demonstrations, group activities, and general use. These extra resources allow teachers to deliver enriching instruction each day."

– Eric Arteberry, 7th/8th grade Science

INVEST MOORE is one way in which you can be a part of continuing the tradition of excellence at JT Moore. This annual campaign is the school's largest fundraising effort and is essential to many of the programs offered. We hope you will seriously consider taking part in the INVEST MOORE campaign!

The money raised through this campaign will fund several different programs such as:

- Technology for classrooms
- IB Program Teacher Trainer Salary
- Professional Development
- Scholarships for field trips
- After school clubs
- Teacher supply funds
- Library books
- Art and music supplies
- Athletic expenses

## INVEST 2010-2011 Goal

Our goal for the 2010-2011 year is to raise \$60,000. These monies make up 78% of our PTO budget.

We suggest a donation of \$250 per child or more per child. This is about \$1 per day for the school year. No donation is too small and every dollar counts!

We hope to have 100% participation from everyone who is a part of the JT Moore community. Every donation from \$5 to \$5000 helps us reach our goal.

### technology

"I believe technology is so important in education in today's information age. This allows students to seek information on their own. We need technology in the classroom so teachers can continue to serve as guides enabling students to find information and learn accurately. The more students engage in their own learning, the deeper the learning. This is why it's important to have these resources."

– Paul Beavers, 7th/8th grade Social Studies

18% of PTO operating budget spent on technology

4% of PTO operating budget spent on after school clubs.

## INVEST in JTM Campaign

Please complete the following information and return this portion in the pre-addressed envelope provided to your child's homeroom teacher or by mail:

Parent/Donor Name(s)

Address

City/State

ZIP
